BRITISH TRANSPORT SUNK; 1000 LIVES ARE LOST.

The British Transport Royal Edward has been torpedoed and sunk by a German submarine. Announcement to this effect was made official Wednesday.

Six hundred men were saved out of 1350 troops and 200 persons aboard. The text of the announcement follows:

"The British Transport Royal Edward was sunk by an enemy submarine in the Aegean sea last Saturday morning. According to the information at present available the transport had on board 32 military officers and 1,350 troops in addition to the ship's crew of 200 officers and men.

"The troops consisted mainly of reinforcements for the twenty-ninth division and were detailed to the Royal Army Medical corps. Full information has not yet been received but it is known that about 600 have been saved."

The Hickman Drug Co.

Last year the farmer sold his wheat from seventy cents to a dollar and saw, with envious eyes, its rise to \$1.70 or more. Practically no farmers realized a war price on their grain. The producer who had gone down into their honest jeans for the money to pay the taxes, buy the seed, till the land, cut the sheaves, thresh the grain and haul the crop to market got little for it. The gamblers made money. Upon a rumor that the Allies have cancelled wheat orders because they believe the Dardanelles will soon be opened wheat sags in the Chicago pit. There is always some kind of "rumor" trumped up at harvest time in order to milk the farmer. We believe the farmer will be wise in holding this year. The Dardanelles is no nearer a fall than it was in February, at which time the Allies promised they would "be in Constantinople on Easter Sunday." They are making no promises now—which indicate the Dardanelles is still holding firm—and this is the key to the wheat situation. Hold your wheat!

ANOTHER KILLING FRIDAY. ARTHUR MADDOX VICTIM.

Arthur Maddox, a negro, was shot and instantly killed on the Coop Bradshaw place in the lower bottom Friday afternoon by Bob Bigham, also a negro. A charge from a shot gun entered Maddox's chest, resulting in instant death. The victim was a one-arm negro, having lost the arm about a year ago when he was shot by Wallace Wright.

Sheriff Naylor and Jailor Murphison was called to the scene of the killing and arrested Bigham, or rather took him in custody, as Coop Bradshaw and others had already placed him under arrest, awaiting the arrival of the officers.

The killing was proven to be accidental. Bigham had the gun in his hands and started to set it down when it was accidentally discharged.

A negro ought to know better than handle a shotgun on Friday, the 13th.

In this issue of the Courier will be found the 51st semi-annual statement of the old, reliable Hickman Building & Loan Association, with assets of \$90,921, as compiled by Secy. Tom Dillon for the term ending Aug. 1st. The fundamental object of the organization is to advance money on easy terms for home-building; and it has been wonderfully successful in this respect. Fulton county is dotted with beautiful, little homes—monuments to and made possible by the Hickman Building & Loan Association. It also embodies the features of a savings bank, but pays about twice the savings bank rate of interest. Series 12, which matures with this statement, is paying \$103.60. The shareholder paid in \$84.25, and realizes a profit on his savings of \$18.35. This comes from paying a dollar a month for 7 years. The soundness of the institution cannot be questioned. Its loans are made only on first mortgage real estate and is managed by thorough, practical business men. Take out a few shares of this stock—and you will be laying aside some money for the ultimate "rainy day." This association will pay out in stock and dividends this month to its stockholders the tidy sum of \$19,166.00.

A Retrospection

In looking back we find that twenty-five years and six months ago we began building homes in Hickman.

The Association, in its economical way, has builded more homes in Fulton County than any other association, of like character, in the United States.

It is to your interest to investigate the inducements offered. The association does not profit by your investment—you are the gainer. Every shareholder is a stockholder; in other words, it is a mutual company comprised of the citizens of Fulton County.

Look around you and see how many are enjoying the comforts of home derived from the judicial investment made in the association.

Ask yourself whether it is more profitable, satisfactory and sensible to take stock and build a home or continue to pay rent from year to year, and in the end have nothing to show for your money.

ST. JOHN'S LEVEE IS BEING COMPLETED.

St. Johns Levee and Drainage district of Missouri sold the \$400,000 bonds and received \$390,000 cash, and transferred \$200,000 of it to the War Department, which with \$80,000 allotted by the Mississippi River Commission, will be used by the U. S. Engineers to complete the outside levee from Dorena down the river bank to the Jackson Higginson farm, above our city, says the New Madrid Record. A specially constructed levee machine, costing about \$50,000 will be used to build this outside or front levee and the work will be pushed rapidly. The rule has been for the U. S. River Commission to allot as much money from their appropriation as the levee district expends, and it is confidentially believed that the Commission will put in an additional \$120,000 to complete the levee. The U. S. Engineers will have sole charge of directing the construction of the outside levee.

FAMOUS PRISONER LYNCHED LEO FRANK HANGED.

Marietta, Ga., Aug. 17. — Leo Frank was hanged to a tree 1200 feet east of here, supposedly about daylight this morning.

He was brought a hundred miles from the prison farm at Milledgeville, to a point almost within sight of the former home of Mary Phagan, whom he was convicted of murdering. No shots were fired.

His body, barefooted and clad in prison trousers and shirt was found at 8:30 o'clock this morning. It is thought that the lynching took place about daylight. Several automobiles, well loaded, left here in the direction of Milledgeville last night. After the return of the machines, officers started out on the road which they believed the automobiles had traveled.

They had gone only two miles when they saw the body of Frank, not more than a hundred and fifty yards from the road.

Superintendent Burke, of the prison farm said:

"I was preparing to retire when two men grabbed me and snatched handcuffs on my wrists. Four others stood guard over me. They said it was no time for me to squirm as they had come for Frank and were going to get him."

News that the body had been found travelled rapidly and within a short time hundreds of persons were crowding to the scene. No immediate effort was made to cut the body down as Sheriff Hicks was not in town and the coroner took no action.
